

## MISSOURI PART B PROVIDERS ONLY: REGION INFORMATION

Due to the setup of the claims processing system, Missouri is divided into two separate regions – the Kansas City area is one region and the rest of the state, including St. Louis and Springfield, is the other. Because of this, Missouri providers must differentiate between which region the services were provided in.

Providers in the Kansas City area are considered “Western Missouri.” Providers in the rest of the state, including St. Louis and Springfield, are considered “Eastern Missouri.”

If you are unsure about which region you are in, use the following county listing and map. Following the map is a listing of all zip codes, cities, and counties in Missouri and whether they are considered Eastern or Western Missouri.

**Western Missouri** (Providers who previously used 866-839-2442 to access the Wheatlands Administrative Services (Blue Cross Blue Shield of Kansas) IVR).
